FluMist	MedImmune				

NOTE: If the vaccine is wasted, complete the Vaccine Return Form and return all unopened vials of non-viable vaccine including the influenza vaccine to McKesson Specialty Distribution, 4853 Crumpler Road, Memphis, TN 38141 in a prepaid McKesson shipping container. Fax the completed Vaccine Receiving, Storage and Handling Incident Report and the Vaccine Worksheet for Receiving, Storage and Handling Incidents to Nancy Mumper, Division of Immunizations, (717) 214-7223 within five (5) days of the incident.

NOTE: A copy of the temperature log MUST be submitted with any storage incident (i.e. where the temperatures were recorded "out of range" and vaccines were wasted as a result). If the incident was the result of a "receiving error" please include the name of all parties involved.
